I am rehoming my doggy. I love her dearly but I am moving out of the state for a job and the place I'm moving it doesn't allow pets. She is COMPLETELY house trained and would come with her cage, toys, and food. She is kid friendly and I believe that she would even be great for someone who is in their elder age. She really is a sweet dog that enjoys playing and cuddling and kissing.

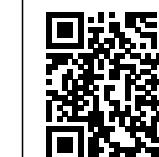

I am looking to re home her for \$150 simply because she is trained and will be coming with everything that you need to take care of
