I now have the time I need to give the attention and love to a very special puppy. I have a lot of experience with animals and love them dearly. He would be a house dog and protective yet sociable. When I am able to I will be taking him two classes to learn how to be protective and sociable. My top priority is to make sure that he has all the shots that he needs along with the basics supplies etc. Most of all a very happy home! :-))Please let me know if you have a young puppy that you want to give away and you want that puppy to have someone very special that will love it with all their heart! I would be that lady. :-) Thank
