Never worn....New in box Swiss movement...

50mm case diameter....a great large men's watch from a great manufacturer...

\$150 cash meet local to Brentwood/Nolensville Road area....

A metal dial operates with unreserved excellence with a 1/10th-seconds subdial near 3:00, a date window near 4:00, a 60-seconds subdial above 6:00 and a 30-minute subdial near 9:00. A tachymeter scale lines the outer wall to capture your distance and speed and the hour positions host Tritnite index markers. Tritnite highlights the hour, minute and subdial hands for easy timekeeping in any light while "Invicta Subaqua" shows at 12:00 and "Swiss Made" lands at 6:00.

Experience the accuracy and artistry of Invicta with this Subaqua Noma IV!
