

Real Women Needed as Models (Nashville)

Location **Tennessee**
<https://www.genclassifieds.com/x-382381-z>

I'm a Nashville photographer who is looking for several women to pose for photographs that will help build a new portfolio of my work. I'm looking for "real" women, you don't have to be a "model" just be interested in posing. While experience is not necessary, being somewhat comfortable in front of the camera is helpful. The samples in this ad are some of the types of photographs that I will be shooting and will shoot any ideas that you have as well. I will be shooting portraits, fashion type images, lingerie, implies and tasteful nudes. In exchange for your time, you will receive 10 retouched digital images and three 8x10 prints from the shoot. The shoot will last from 3-4 hours and will included a makeup artist when possible. Some of the shoots will be testing new lighting setups, some will be testing new ideas and some will be both.

The shoots will take place during the week, during the day. You may also bring a unobtrusive friend/escort to the shoot. If interested, respond to this ad and please include photos/snapshots of yourself. I will respond with complete information and answer any.
