

Cash for Labor We need help moving ASAP (Brownsville)

Location

Vermont

<https://www.genclassifieds.com/x-382471-z>

My parents are moving out of an unsafe home today through the weekend. Their house has been taken over by mold. My dad is older and has asthma, which has worsened with the condition of the house. He needs help loading their moving pod (Pack Rat portable pod).

He'll pack, you bring the boxes to the pod. Super simple, will pay cash for labor. Must be strong and capable! It's tough conditions but the house is being ventilated as well as possible. The quicker it's done the sooner they can get moved out and into their new safe and healthy home.
