We need someone, or a team, who can do the following for us:

Install kitchen cabinetry  
Repair plumbing leaks and pressure test  
Replacing baseboard and window trim  
Drywall repairs, including cleaning mold-damaged surfaces, wallpaper removal, installing new drywall, hung, taped and floated, painting surfaces with Kilz  
Installing a hot water tank and pressure tank  
Replace sub-flooring and vinyl flooring  
Installing metal hand-railing  
Installing a new exterior door  
Installing a furnace

As a part of this job, we will need complete electronic photos of the property before you start, photos throughout the process and another complete set of photos of the property after the work is finished. These photos must be uploaded through software that we will.
