

Im Looking for Property to Metal Detect as a hobby (Nashville)

Location **Tennessee**

Hello,

I am fairly new to the hobby of metal detecting (1 year now).

There is a lot of history in and around Nashville and I mainly just like getting outside in the fresh air and exploring.

I am looking for old property (yards, fields, vacant lots, construction sites etc) to metal detect on with written permission.

I am clean cut, respectful of the property and I dispose of all the nails, bottle caps and pull tabs I find.

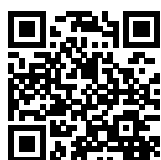

email me.

Thank you.
