This is a beautiful girl who is incredibly sweet and affectionate. She loves to be with her human at all times so the more you can be home with her the better, but she also does just find on her own when I am out from the house.

She is 6 months old and up to date on deworming. She weighs about 6lbs. She is extremely friendly, but she does pee a little when she gets overly excited.

\$350 rehoming fee. Please send a few details about you and your family when contacting. Looking for a good person/family for her to.
