Specializing in vintage American and Japanese motorcycle repair. I Will come to you!! The Shop won't pick up your bike? Don't have a trailer to haul your bike to a shop? Give me an email, text, or call for an estimate! My rates are usually about half of what a bigger shop will charge because my overhead is very low. I also can build you a custom bike on a budget. 262-960-404three or classickcycles "at" gmail
