Hello,

I have been a nanny for over 15 years 7 years here in park city. I am currently pregnant and due next month. I am looking for a mom that does not want to put her baby in a nursery that I could care for as well as my baby. I have excellent local references from many families that I have worked for here in park city. I live in the pinebrook area in a 2 bedroom condo. Please email if you are interested for more details.

Thanks,
