Hi everybody! My name is Chris and I'd like to invite you to be part of what I'm calling the Dream City Project. I am working to start in my very own back yard and recreate the world into a fully sustainable community of artists, business people, dreamers, and all sorts of other conscious, awake, and progressive minded individuals.

Please join us in creating dozens of vertical gardens, sweat lodge, greenhouse, rainwater collection system, a stage, pavillion, roof top gardens, and so much more. I am looking to have classes, workshops, events, etc. here and then work towards obtaining other properties and transforming them into similar projects. It would be an honor to have you.

I have been collecting supplies, doing a lot of manual labour, and have years of plans drawn up with boxes full of ideas and connection collections. If you are interested, please contact me and let's make this happen.

Chris Forbush
