Hello!

We have PekingChi puppies for adoption. Pekingese/Chihuahua. All babies have an exceptional coat as well flat pudgy little faces and noses. These puppies will be vet checked, have a health guarantee and all age appropriate shots prior to going home. Puppies will have a starter kit.

2 TINY females, mother is 3 lbs.
1 sweet petite male. Father weighs 7lbs.
All are white and tiny balls of fluffy sweetness.

Puppies expected weight is under 5 lbs as both of the parents are teacups. Daddy dog is a little over fed.

We ARE asking a rehoming fee. We are NOT breeders. This litter was accidental as we thought Momma Dog was spayed as told by prior owner. Vet assisted labor and everyone is healthy.

Vet ref. required as well as info about your home and family. Contact with number to.
