Hi Everyone! I'm posting this for my mom who lives in Washington State. She was diagnosed with Multiple Sclerosis over 20 years ago and has been living with it. She has recently taken a turn for the worse and was diagnosed with secondary progressive MS. She was accepted in a clinical trial in Mexico to reverse her MS and has raised over \$30,000 to go. We thought we had until August to raise the additional \$20,000 but were just informed she needs to be in Mexico by May 23rd. I'm posting the link to her fundraising page so you can see she's a real person. Any help would be appreciated even if it's a prayer!

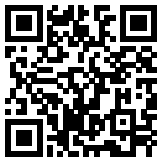

Please share with friends and family if you can!
