Hello, my name is Alex Gibson. I have been reading and studying about Real Estate. I am working hard on improving my financial life and currently I am working on my First Real Estate Wholesale Deal. Currently I am able to buy a house that is worth \$78,000 for a low less than this value. I would like to WHOLESALÉ this property to the right experienced Real Estate Investor. If you are this person and you are willing to help me to execute this deal in a way that we both make money please contact me.
