Low Cost Criminal Defense Lawyer in Santa Clara County

William Safford, CA Bar #286948

If you or someone in your family is facing criminal charges, you need a qualified criminal defense attorney to step in and protect your rights. A competent defense attorney can employ a wide range of strategies designed to pick apart the District Attorney's case. Charges can be dismissed at preliminary hearings, evidence can be suppressed, and police misconduct can be put under the microscope.

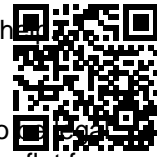

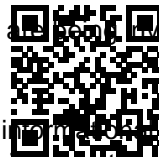

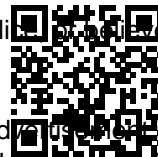

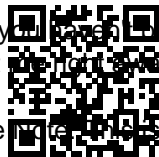

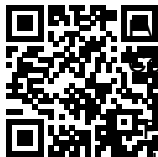

I believe that everyone deserves excellent legal counsel - no matter how big or small your case may be, or how thin your wallet, you deserve a lawyer whose sole job is looking out for your interests. That is why I offer flat fees - so that you know, up front, how much your case is going to cost. Most importantly, I am your advocate, because you are entitled to a representative who puts your needs first and fights to get you the best result. In the end, you will decide whether to go to trial or take a deal, but in either case, my job is to give you the best advice and the best possible outcome, and I take that job very seriously!

Over the past ten years, I have worked in the criminal justice systems of Colorado, Ohio, and California. Now I take cases exclusively in Santa Clara County and make regular appearances in the Palo Alto, Santa Clara, and San Jose courthouses. I handle infraction/misdemeanor cases, serious felonies, and everything in between. As a result, I have experience working with some of the most complicated areas of criminal law. I love what I do, and I am never afraid to jump right in and start fighting!

When if you have been charged with a crime, if you have had contact with the police or police you are being investigated, it is far too early to give up. Some have contacted me for help for a long time for a long time. Please note that this is an advertisement for attorney services.
