I am posting this on behalf of my mother.

Ruckus Needs a Permanent home!

My family has been fostering Ruckus. A 2 Year old Neutered Pit-bull. He was left behind when a family member moved out of state. Unfortunately, my mother does not have the means to care for him. He's quite active and very friendly.

He has not show any separation anxiety, gets along well with children, cats and female dogs but has shown aggression towards other male dogs. Seems to be territorial.

I was asked to pick up the dog from my mothers house and take him to the local animal shelter but I would much rather rehome him.

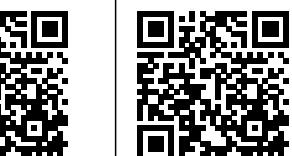

I am asking for a small rehoming fee (\$50) to ensure a proper home for our little Ruckus. I will provide a month of food.

Please call, text or email. We anticipate taking him to the shelter within the next 2 weeks.

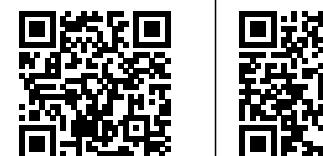

Your help is greatly appreciated.
