

JIMMYS ELECTRICAL SERVICE (DELAWARE)

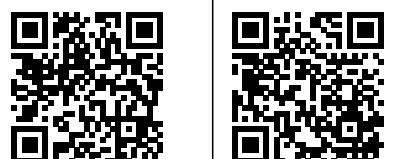

Location

Delaware<https://www.genclassifieds.com/x-383066-z>

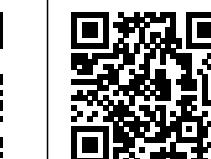

Stop looking around for an electrician who only wants to extract as much money from you as he can for the same work that I can do for a fraction of the cost. I have over 40 years of experience and can do any residential job and most commercial jobs. As a Smyrna resident I'd like to offer my electrical services to Delaware residents who are tired of overpaying so called "licensed electricians". If you live in Delaware and have a small problem call me. I'll be there fast, explain exactly what is needed, fix it and charge you a whole lot less than you thought. I give senior citizens discounts and are available 24/7 for emergency service. Again, why be in the dark about who to call. Call JIM Thank you.
