It's time to sell my Jeep. I wanted to keep it but wife said "no". It started out life in Arizona and spent quite a few years there, so no rust with the exception of the surface corrosion on the roof. it's been in the family for 9 years.

I've replaced the following:

head gasket (3 years ago, holding fine)

multiple tuneups

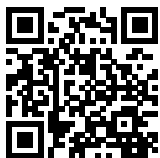

radiator

alternator

crankshaft sensor

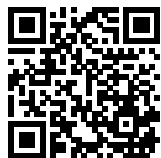

map sensor

throttle position sensor

new safe light (3 years ago)
small glass on driver back door
muffler (30 bucks rockauto.com)

Can hear run and we can take on test drive.

cruise works as does 4wd. it's looking for a new owner.

text or call, but if you call, leave a message as I don't answer unknown numbers. ask for chris. thanks for looking.
