

# 1996 Jeep Grand Cherokee (1500 USD)

Location **Delaware**

It's time to sell my Jeep. I wanted to keep it but wife said "no". It started out life in Arizona and spent quite a few years there, so no rust with the exception of the surface corrosion on the roof. it's been in the family for 9 years.

I've replaced the following:

head gasket (3 years ago, holding fine)

multiple tuneups

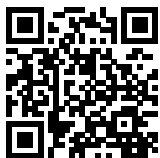

radiator

alternator

crankshaft sensor

map sensor

throttle position sensor
