

PORCELAIN DOLL SWEET COUNTRY GIRL (12, USD)

Location **Washington**

This 12 1/2" doll evokes a time of childhood simplicity and innocence. Her feathery (not painted on) eyelashes float above expressive brown eyes. Her beautiful face is framed by bangs and waist-length braids. And, to protect her porcelain skin from the sun, a broad-brimmed straw hat with dress-matching gingham trim sits atop her head.

She wears a pretty gingham dress with a ruby pinafore. Underneath she wears stockings and pantaloons and brown leather shoes. She carries a bucket filled with her harvest. She is displayed on a doll stand, included.

This doll has porcelain head, arms and legs. She is a great gift item and would make an unusual addition to a collection and a unique accent piece for a lover of country decor. Any girl would be charmed by her. She is only \$12.
