

Do you need your house cleaned right (macon rd)

Alabama Location https://www.genclassifieds.com/x-383287-z

My name is Nikole and I'm 22 I've been cleaning houses since I was a child. I know howto clean right I don't half ass anything because I'm a perfectionist. I usually charge depending on how big the room or house is and how long it takes. I love cleaning and do it all the time. I also baby sit animals and children and have plenty of people who will tell you I'm the best at both. I have a very open availability and can pass a background check. If you need help with any of these things please email.
