Do you need a new business card for your next gig?
Do you need someone to help you create a professional logo for your band drum head or merch?
Do you need a website to share your information, press kit, photos and music?
Do you need custom designed Facebook banners?
Do you have a big event coming up that you need posters for?
Do you have a CD project that needs an eye catching jacket and label?
Do you need to tie all these elements together and package yourself as a brand?

Instead of using your time to try to produce these items yourself, why not give it to someone who has the time and passion to create professional and creative compositions for you while you focus on the next step of your project or goal?

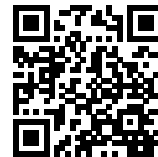

I'm Brian and I live and work here in Kansas City as a freelance graphic designer and musician. I can put some DESIGN POWER into your next logo, business card design, flier, brochure, advertisement, t-shirt, poster and more!

Check out my website and online portfolio at www.mydesignpower.com and contact me to create your next project!

Thank!
