iPhone 5, black, 32GB. Model A1428. AT&T. Great condition, had a case for its entire life. Some small scratches along the bezel. All buttons working. Screen perfect. Reset and removed from all accounts. When you turn it on it will be like it came from the Apple store.

Just had the battery replaced last month (3/11/2015) by Apple Store at Legacy Place via a recall. Works like new!!

Asking \$200, firm. No shipping, cash only. Email Peter with questions or to make an offer. !
