Hi! To be clear this is unpaid. Looking for female models 18-35. I'm an experienced photographer and videographer who is looking to take my portfolio in another direction. So I need models to collaborate with to create fun, new, and interesting images! Size, shape, ethnicity doesn't matter, just bring personality! If you're interested in setting up a shoot send me a message with name, age, at least 2 pictures and any experience you might have. Let's get this!
