Hi CL, I have A pitbull that I'm trying to rehome. Her name is Necia , she is 2 yrs & 4 Mos and is spayed . She is house trained . I love the hell out of my baby but I'm going through a lot right now. If possible, I'd like to be able to get updates on her and if also possible, though I understand if not, be able to see her once in a while . There will be a small rehoming fee just so I know she's going to be loved . If you're interested , email me but please, serious inquiries.
