

# Trustworthy, Respectful, amp Fun Learning Environment (hercules, pinole, san pablo)

Location **California**  
<https://www.genclassifieds.com/x-383458-z>

We are opening our doors to a place where mother and daughter work together to give children security and education. The activities we do are: pre-mathematics, art and painting, baby yoga, dance and prescience. We also work to potty train and help with discipline. We offer different activities where your child will learn to respect and share with peers. We give the best of ourselves so the children get all the attention they need. We accept children from 2 years of age and up. We use an air purification system (Rainbow) for better cleaning, and we have the EMF to reduce Electric Magnetic Fields. We have limited spaces available. Hours of operation: 6:00 a.m. - 6:30 p.m. CPR and First Aid certified. Background check.

Valeria Pacheco and Karen Zepeda license # 073407702 Flexibility for different schedules and arrangements may be.
