? Seeking: Beginner & Advanced Backgammon Players ?

If you would like to form a group of players to play weekly. Our group is currently playing at Bocce Pizza at 7:00pm.

The love of backgammon is almost as old as any of man's other passions. A challenge to great game-players for over 2000 years, backgammon has become a national craze, with 2 million people playing it regularly and millions more learning it. This complete, basic guide is designed for two types of people: those who would like to learn the game, and experienced players who want to become experts.

Are you new to backgammon and would like to learn to play...we'll teach you.

Please contact Phil at

Thank you and hope to hear from all of those who enjoy the game.
