Oakland Technical Support is a small computer support business operating out of the Oakland County area. I'm available 24/7 to assist you with any issues you may be experiencing with your PC's and networks. I have experience working with Window's based operating systems ranging as far back as Windows-95. I also have experience supporting LAN/WAN networks both wireless and hard-wired.

The base hourly rate is $50/hour with a 1/hour minimum on site plus parts and materials. I do a very quick and thorough job, so you'll never be left with a problem I can't fix.

I service residential support needs only!
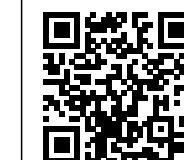

You can e-mail me for prompt service at:
My personal phone number will be provided upon e-mail contact.
