My wife and I are looking for someone to remodel our kitchen and 2 bathrooms in our condo. We don't need anything fancy. Just looking to create a welcoming atmosphere for our new baby girls that's on the way. We would really love to get the master bathroom done first. It requires a fiberglass bath fitter over existing shower/bath, tiling of the floor, removal of wallpaper and a fresh coat of paint, installation of new vanity. We are located on the boarder of Hartford and W. Hartford. So far we have only had contractors looking to absolutely rip us off and non-responsive contractors . If you are willing to come on by and give us a quote that would be wonderful. Please include your name, location and photos/website when replying. I reply to emails extremely fast.

Thank You =)
