Hi my name is jennifer and me and my friend found this dog we are calling her nora but you can name her what ever you want, She is a very loving dog and loves to play. She does not play well with other dogs so she should be by herself where ever she goes. When I found her she was very malnourished and full of fleas and she has a rash on her butt. I have fed her and got her to gain her weight back and I have got rid of the fleas But i haven't got rid of the rash completely but i am working on it all you will need to do is use a anti-dandruff or medicated shampoo on her to get rid of it. I am asking for a \$50 re-homing fee only because of the work and money i have spent to get her healthy again. I would like to find a nice and loving home for her to go to because she is a wonderful dog and deserves a loving home to go to. Thank you for reading and have a great.
