I have a room available in my 4 bedroom home I'm looking for clean roommate. I just bought my home it was a foreclosure so it's ugly but it's warm, it's safe, and it's friendly. Rent would be 325 as it states in the post title, utilities are included. Washer, dryer, microwave, stove, frigerator all are provided. I will need to do a background check and check your work history. I need no deposit. I just need a honest, dependable clean person.

Email me with your age, your description, job information, phone number and preferably a picture. I don't care what you look like that's not why I ask, the old saying a picture's worth 1000 words holds true I like to be able to see who I'm talking to because I can read a lot of things about someone that.
