Hi my friends and I are looking to hire 3 or more dancer to work a private party at a house.

As of now we do not have a date set. We are thinking a Sunday afternoon probably within the next 2 0r 3 months and 2 or 3 hour party in the time frame of 2 P.M. - 8 P.M.

( depending on what day and time works best for whom ever applys)

There will be 3 rooms to work. We have a living room, kitchen and a bar room. You're also welcome to eat any of the food we have, have a drink or 2 from the bar, and if you want use the shower or hot tub.

We're throwing the party as a combonation of an engagement party, divorce party, birthday party, and just because....

We're expecting 25-40 guys and will be charging our friends before hand so any girl who works will have a gaurented income plus tips.

All girls will be treated with respect, and we are willing to remove anyone from the house who is disrespectful.
