I need to rehome my two dogs. I am trying to keep them together when I rehome them. They turned one year this past March. They are terrier mixes. Both of them are neutered, up to date on shots, registered, micro-chipped, house trained, kennel trained. They will come with two kennels, their bed, leashes, harnesses, all their toys, food, food and water bowl and everything I have for them. They prefer to sleep in the same kennel and be in the same kennel whenever they are locked up. They get along with other dogs. They know basic commands. They also are great with children. Rehoming fee of .
