Aloha ! I'm a sex education professional with 15 years of experience in the sex education field. I've spent the past 15 years educating and stressing the importance of safe sex to both males & females and other ways to help prevent contracting Aids, HIV & STD's.

So if you're an adult or teen that would be interested in taking some sex education classes to learn more about safe sex, contraception, the correct way to put on a condom, or if you'd just like to learn how your own body or the body of the opposite sex reacts during arousal, please feel free to contact me Dee with your sex and age to set up an appointment to discuss your concerns.
