Agent for buyers of Real Estate. I specialize in serving Clients who are interested in purchasing Real Estate in the state of Maryland. I serve only Buyers so that my Loyalty and expertise remains with only one group. I have over twenty years of Real Estate experience; consequently, there is almost nothing that I cannot handle throughout the Transaction. I will slowly walk you through the process educating you along the way to a successful closing. I will provide you with a rebate to help with closing costs. I also specialize in getting clients with bad credit ready for a future purchase. A home is one of the largest purchases you will make in your lifetime, which is why I decided years ago to only assist buyers. If you want an experienced Buyers Agent working for you throughout the Transaction contact me today. Visit www.realtorcedric
