I have a small fix terroir . He's very shy , loves cuddling and being rubbed , but dislike loud noises . I payed 500 when I first got but I'm will to rehome for 250 or less . He is 8 year old . He do well with other dog and babies . He has to grow on to people , but after that he is very comfortable. He's potty trained and sing when he need to go out . He does bark at the door when someone knocks . I don't wanna give him to just anyone but I'm moving and can't have him .
