Im a hard rock guitarist of 20 years and Im looking for a vocalist or singer to do a guest recording for an original hard rock demo. My style is similar to three days grace, breaking benjamin or 10 years. The song is not listed on a public youtube channel, the song, lyrics and vocal melody are copyrighted, so please respect the hard work I put into this song. Just need someone with recording capabilities, a digital audio workstation and a mic that has talent, experience and ability. Please have material available before you write. Send links, samples, recordings or live videos of your vocals and Ill let you know if I think my song is right for you. Ill send you a blank mp3 of the song for you to do your recordings, plus one of me doing the vocal melody and the lyrics. This is just an audition to do a demo and see how it sounds, and to create attention to our work and try to get noticed. But maybe it will lead to publicity, exposure and a future band. Thanks and good luck. <https://www.youtube.com/watch?v>
