This is a nice Universal California Gym for someone who likes the convenience of not going to a gym. Why not have this in your home and avoid the crowded gym? One tricep rope included, one bicep curl bar, and an extra 5lb added weight included. This is a nice clean machine, no damage, no wearing signs at all. Very clean and easy to put together. Text Justin 513-200-four five 60 Thank you
