Zing is a beautiful, Russian Blue female cat that acts more like a dog at times than a cat! She's playful, she comes to you and loves good company. Once she trusts you, she will lie in your lap and try to spend every moment with you as her new pal. Zing is around 11 years old and still very young at heart. I adopted her from an animal shelter 5 years ago, and since then, we've been buds. However, now that we're moving to a home that doesn't allow pets, we need to re-home her and we don't want to put her in a shelter. If you love cats, please consider adopting Zing, who I am giving away free to a good and loving home.

Highlights:

- Declawed front paws
- Loves to play
- Beautiful gray coat
- Likes to snuggle
- Litter box trained (must keep her box clean)

Potential problems:

- Doesn't like change
- I have not seen her interact with children or other animals, so caution may be required

She's great for:
