Very experienced Lead/harmony singer and rhythm guitar/bass player and drummer looking for lead guitar player or bass player for working classic country and old rock and roll band. We have some gigs and want to play as much as possible. We're looking for quick learning, experienced, lead guitar player and maybe an experienced bass player. Must know old country and rock and roll and be willing to learn songs that you don't know. Must be able to adapt and get along since we're planning on playing as much as possible.

We have rehearsal space but we're looking for people who don't have a steep learning curve on these old songs. We're going to be working PAYING jobs so we need people who know what they're doing and have been there before. Vocal ability is a plus but we're not looking for someone who wants to be the featured lead singer, we have one. Harmonies and a couple of songs a set is what we're looking to add.

Please reply with age and experience. Females are welcome to apply.
