Are you an experienced singer/singing instructor that could teach me some voice/singing skills? Or, at least point me in the right direction? If so, I'm definitely interested. I've been told/asked: "Are you a singer/do you sing?" Answer = Never
"You have a nice voice, do you play in a band?" Answer = Never So, I at least need to know what's needed. In order for me to respond to any questions, you must belong to or be a qualified singer/instructor whose job it is to teach, or is in need of such a student. I will not answer random questions without company or provided phone.
