Motorcycle & Powersport Repair

10+yrs experience

I service all makes and models of motorcycle, domestic, foreign, even chinese/older/hard to find stuff I can source parts for and make repair to.

Most work priced per job (example: carb cleaning with carb removed is \$25).

Travel Jobs are \$75 per hour flat rate with a 1-hour minimum.

This is WELL below the other shops, they average \$72 per hour labor rate, I already did all the homework and calling around there, so I'm being fair with both myself and the customer.

I'm not a huge shop, therefore I don't have huge overhead and huge labor rates.

Don't wait months for the local dealership to get your bike/quad in for a simple repair.

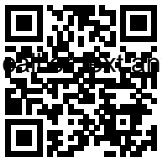

Contact me for any and all of your outdoor power sport equipment repair/maintenance needs.

Located in Erlanger, KY
