

# Photography Studio Rental

Location **Minnesota**

Hello,

I was a photographer in Mpls, but recently moved to NYC. I still have a lot of clients in Minneapolis still but no longer have a studio/apartment. I have a classy boudoir shoot for a few brides on June 7th and am looking to rent out a studio for a half day. Ideally, the studio would be white, airy with great natural light.

I'm looking for a reasonable price, since I do have backup options as well.

Muchas gracias kind!
