

Drummer

Location **Minnesota**

We are looking for a drummer that has a touch and will have some opportunities to rock. We have created our own songs and are now in the process of filling out our set list with new and well known old covers. We plan to play gigs once a month locally.

Email me if you are interested in sitting in with us to see if you are a fit for us and for you. We have much fun and get much done at our practices. We do our homework and practice once a week. Check out our Bandmix site which includes some of our older covers. <http://www.bandmix.com/kjrita/>

We currently have a cocktail drum set setup that is used to keep time during practice, so you could use that if you don't want to haul your drum set.
