

ProgMath RockMetalFusionJazz Band (WaipahuMililani)

Location **Hawaii**
<https://www.genclassifieds.com/x-384390-z>

We are a drummer and guitarist looking for band members to flesh out a project.

The drummer is 17 years old and has been playing drums for about 7 years, and is capable of many things and all genres. He's also in the MHS drumline and knows his way around a snare and drumset. His double kick technique is great, and he's even started doing blastbeats. We're mostly fans of Prog Metal and Prog Rock. He has a bunch of very well written and extremely detailed 8 minute-ish prog songs, that honestly just blow the mind. Very talented composer.

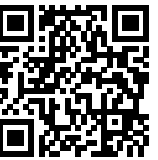

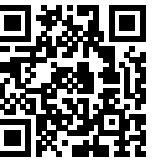

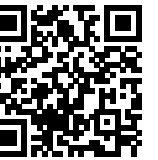

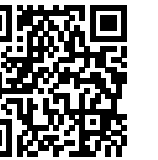

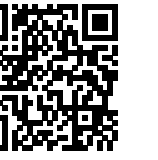

I'm 19 years old and have been playing bass/guitar for about 10 years as of this August. 5 years of bass, 1 year of 6-string, and the last 4 years with my 8 and 7 string guitars. Got my 8 string for Animals as Leaders kind of stuff 4 years ago, and have continued using my bass techniques in conjunction with guitar techniques. I can play lots of slap/tap based stuff like in math rock or AAL, but also more traditional stuff like Paul Gilbert. Really into 80s shred, Djent, Prog Metal, fusion kind of stuff. I can handle a little bit of Guthrie Govan too. I've got some pieces/ideas written here and there, but the drummer is really the man at actually composing stuff.

We have some recordings if you want to check them out. Check out my facebook videos for stuff <https://www.facebook.com/marcello.chua>

Also youtube page <https://www.youtube.com/channel/UCtUQ2jPIGFT2ZSBLUcD74xw>

We're looking for people who play ANY instrument. Mostly a bassist, guitarist, vocalist. We can find ways to use a violinist, saxophonist, keyboard/pianist as well.

Very experimental and will try pretty much anything though. Also into Drum n Bass, EDM, Orchestral, Choirs, Ambient,.
