

kittens for adoption (Gulfport)

Location **Mississippi**
<https://www.genclassifieds.com/x-384530-z>

I'm fostering a litter of five kittens and their momma for the JCAS. They will be ready for adoption at the end of next month/beginning of June and I'd love to have homes lined up for them!

2 female (black, tabby) and 3 males (black, two orange). Their personalities are just now starting to develop. (The two orange males are older than the other three kittens - they're from a different litter!)

Momma is a very sweet girl who is playful, affectionate, inquisitive, super friendly, litter box trained and good with dogs.

Adoption will be through JCAS. Adoption fee will be \$50, which includes preliminary vaccinations, deworming, spay/neuter, and a free vet exam. I will include some other goodies upon adoption. :) If you are interested in adopting a kitten, please send me an email and I can help you pick the perfect kitten for your family! Once again, these kittens will NOT be available for another 4-6 weeks and an application/vet reference WILL be required!

Thanks!
