Are you tired of packing panels?????

Give me a call I have these right here in Eden Idaho. Give me a call and you can be using yours today!

This is a MUST have for all Livestock owners. One person can set this up in 10 to 15 min without breaking a sweat. After you are done working your cattle you can fold it back up in the same amount of time then head down the road at the speed limit. Cattle owners love having huge catch pens then dividing it up in to smaller sorting pens with a working alley. Check out Linn Post and Pipe web site at [linnpost.com](http://linnpost.com). The Wrangler is the best, most user freindly portable corral system built. give me a call or text at
