Wanted to see if anyone in this area has multiple NEW 6" wire wheels with 1/2" center shaft hole for a bench grinder. I use a lot of them to clean and recondition old tools, etc. so not looking for just one or two. Thought someone may have bought 4 or more of them and never used. Only looking for a cheap deal 5 bucks a piece or less (prefer Craftsman or other name brands) or will just go to the home improvement store pay retail and get a warranty. Something within 5 miles or Reisterstown if you have multiples that are unused. Send pics and prices if.
