Hi, my names Zack. I am 26 and weight roughly 180. I am looking for a personal trainer to help me reach my goal. I want to drop down to about 150, or more, and just be in physical shape again. I want someone with credentials of course, and would be more inclined to someone with a military background (I come from a military family) or someone with some for of martial arts training, but is not required. So feel free to text me your rate and we can work something out.

I work 5 days a week, I am a store manager. I do not drive due to my vision, and I do not have a gym membership. So maybe we can discuss if I should get one and work things out. I am willing to offer a bit more in case I need a ride to wherever destination. Thank.
