

Summer Care Starting in June by Licensed School Teacher (Arvada)

Location **Colorado**
<https://www.genclassifieds.com/x-395918-z>

Summer childcare available for one or multiple families. I am a very active mother of two young boys ages as of May and June will be 2 and 4. We spend most of our summer days playing in water, walks to the park, hiking, at the library, reading and just having FUN!

I am currently a full time online teacher however am looking for additional income this summer watching a few extra kids as well as giving my boys some playmates instead of always each other around the house. I am not currently CPR/first aide certified however swam at the collegiate level, coached and was a lifeguard for most of my younger days and easily could use my previous skills if needed. I have been around kids my whole life as mentioned earlier teaching swim lessons, coaching, 6+ years of teaching K-12th grade students. I will charge \$33-\$38 a day dependent on time needed and am hoping to find families that are in need of more part time 2-3 days a week instead of M-F care. I have a huge back yard for play-including tree house/play ground equipment, water tables, and huge downstairs play area with lots of activities/toys to explore and tons of experience with all ages.

Excepting children 2-12 years old. Starting early/middle June dependent on days and hours needed. After June 15th very open to hours day M-F however preference for part time care to mid week needs. Can do early morning/ later evening (before 6:30 PM) if needed based on hours needed overall.

Please call or text if interested (7--276-2871. Looking forward to hearing about your need and discussing whether we would be a good fit for your family.
